EBG is a global leader in agile product management, backlog management, agile business analysis, and collaborative practices for technology products. EBG helps organizations amplify discovery to accelerate delivery.

'ready'* and *'done'

‘ready’ and ***‘done’***

what’s the ***big deal?***

Polling Question 1

What is your role and primary discipline on your team?

- Product Ownership or Product Management
- ScrumMaster or Agile Coach
- Dev Team: Development, Architecture
- Dev Team: Testing, Quality Assurance
- Dev Team: Business Analysis, User Experience, Interface Design
- Dev Team: Combination

'done'
sample

code meets standards

tests achieve x level of quality

code, tests, other assets are checked into ...

each story meets its acceptance criteria (CoS)

product documentation is completed & approved

Product Owner accepts it

Polling Question 2

What is your team's usage of "ready"?

- Don't have it
- Have it, don't use it
- Have it, use it
- What's "ready"?

ready

**Conditions that indicate backlog items
are eligible to pull into a sprint.**

wrong product

NOT ready

ebg

ready to get to done

'ready' benefits

Optimize **collaboration**

Prevent **waste** (of rework, unfinished work, delays)

Enable smooth **flow**

Increases team **domain knowledge**

Can double (or more) team's **velocity***

Enable getting to "**done**"

Concerts4Me

At C4Me we are always looking for ways to enhance our concert goers' experience.

Our newest initiative:
partner with restaurants who want to connect with C4Me members attending neighboring concerts.

Valuable	Actionable	Feasible
<p>Value is clearly articulated</p> <p>Aligned to Sprint goal</p> <p>...</p>	<p>Each story's 7 Product Dimensions are understood</p> <p>Enabling specs exist (e.g., wire frames)</p> <p>Acceptance criteria are clear, unambiguous, testable</p> <p>Stories organized to minimize dependencies</p> <p>Free from external dependencies</p> <p>...</p>	<p>Team has skills, experience, resources to develop, test, & demo story</p> <p>Story is estimated and sized to fit Sprint</p> <p>...</p>

Polling Question 3

Who needs to be involved in making stories “ready”?

- ScrumMaster and Product Owner
- Business Analyst and Product Owner
- Business analyst or Product Owner, developer, and tester (“3 amigos”)
- Scrum Team and Product owner
- Whoever is available

'ready' benefits

Optimize **collaboration**

Prevent **waste** (of rework, unfinished work, delays)

Enable smooth **flow**

Increases team **domain knowledge**

Can double (or more) team's **velocity***

Enable getting to "**done**"

* JCarsten Ruseng Jakobsen & Jeff Sutherland, SCRUM and CMMI - Going from Good to Great

**‘ready’
tips**

Co-create your definition of ready

Engage product partners to collaboratively get to ‘ready’

Adjust as you evolve, apply as warranted

Guideline, not hammer

Energize, visualize

‘ready’ and ‘done’

really are a *BIG deal!*

stay connected!

ebg

High-Performance Teams: Why the Who Matters Less

with **Fabian Schwartz**

March 22, 2017 | 11:00 AM ET (USA)

Eligible for 1 Scrum Education Unit (Category F)

In this webinar, Fabian Schwartz, CSP, CSM, will use studies from Stanford University and Google to show that it is not important who to put on the team, but rather how the team operates. Fabian will also demonstrate how the “A-team” approach from military special forces allows for good multifunctional teams.

Thank you for attending

Ellen Gottesdiener | 15 March 2017
